PROFESSIONAL EXPERIENCE

Founder & Director

Jul 2001 - Present

Airconstruct HVAC Mackay, QLD

Create the future and manage the present, uphold, safeguard and promote the company's values, vision and mission, and execute the responsibilities of a company director according to legal and ethical standards. In this role I have been responsible for the safety and wellbeing of up to 60 permanent staff. One of my greatest achievements has been maintaining the safety record of the company by continuous leadership and internal and external process improvement which led into the development and implementation of our third party certified integrated management system. Developed and implemented the iHazard safety platform to manage safety through the use of technology.

Subcontract Refrigeration Mechanic and Installer

Sep 1991 to Jun 2001

Engaged by many large H.V.A.C. companies to carry out ducting installation, piping installation, commissioning and retrofit work. In this position I am responsible for autonomous performance and execution of contract work, liaising with customers and project managers, managing variations and maintaining the building programme.

Stenberg Airconditioning Pty Ltd Newcastle NSW

Sep 1985 to May 1991

Started in the industry as an apprentice and ended up running small commercial projects within a family business environment. Gained a wide range of skills from compressor overhauls to duct manufacture.
