MEDICAL TREATMENT INJURIES (MTI) -- covers a case where a person is injured at work, is sent to a doctor for medical treatment and is subsequently able to resume the full scope of their job without losing further time all being placed on restricted duties.

LOST TIME INJURY (LTI) --

- When continuous lost time exceeds one normal day/shift or more.
- Injuries that result in a fatality or permanent disability count directly as lost time.

This form when completed should be forwarded to the AMCA.
